World Lacrosse Approval Classification	World Lacrosse Approval Notes
0	<b>Not Approved.</b>
4	<b>Approved for Play.</b> All wooden crosses are legal. The wooden crosses have been measured, but because wood is a "living" material, they will not be certified. Wooden crosses have set the standard for women's field lacrosse since the game's inception, and their basic design has not undergone significant changes over the years. Future models will be monitored and action will be taken by the Rules Committee if warranted.
2	<b>Not Approved for International Play.</b> i. These sticks do not meet the most current specifications; ii. or were not submitted to the lab for testing and measuring; iii. or have been discontinued by the manufacturer. They will remain legal for play but will no longer be manufactured.
3	<b>Not Approved for International Play.</b> i. These sticks do not meet the most current specifications; ii. or were not submitted to the lab for testing and measuring, iii. or have been discontinued. Manufactured prior to the new specifications. Currently at the lab for testing.

## Women's Pockets

A pocket is considered legal if it conforms to the Rule Book.				
<p>The following list represents pre-sewn runners or pockets that are unalterable and are legal for play. The list is provided for informational purposes and is not meant to imply that other pockets are not legal. Most pockets and mesh are not lab tested or listed here. All pockets are subject to on-field compliance checks regarding materials, safety, mobility, and depth, among other criteria.</p>
